Course Description

The value and importance of information to organizations, how it is used, stored and processed; emphasizes the uses of information technologies of various kinds, the benefits of the technologies, and the associated costs and problems; use of common applications such as spreadsheet, access, and the presentation of information with mark-up languages. Course credit exclusion: GL/ITEC 1010 3.00. Prior TO FALL 2009: Course credit exclusions: AK/ITEC 1010 3.00, GL/ITEC 1010 3.00.

Textbook

Fundamentals of Information Systems. 7th edition. R. Stair, G. Reynolds. Course Technology, 2014. ISBN-978-0-840062185.

Evaluation

Assignments	20% (5% each)
Midterm	40%
Final	40%

Late Policy & Academic Honesty

Late assignments are not accepted, and no make-up exam is provided. If you miss the midterm, you may have its weight transferred to *your* cumulative final exam with valid reasons and acceptable documentation. You must write the deferred exam scheduled by the SIT if you can't write the final exam scheduled by the Registrar Office.

While you are encouraged to work with classmates as part of your educational experience, you must submit independent work adhering to the University policy on academic honesty.

Tentative Schedule

Weeks	Topics	Due	Readings
Jan 7, 2015	<ul style="list-style-type: none">Information Systems, HTML		Ch1
